

**PLUNGER**

> Full dispensing of the product thanks to the round shape

> No loss of product, no product remaining in the pipette allowing a perfect cleaning and a better hygiene.

# Dos'UP<sup>®</sup> Plus

## Ergonomic pipette

Single material PP

High transparency of the barrel for a better reading of the graduations. Printing on plunger: no ink in contact with the product and the baby mouth.

wiper function

Non traumatic and ergonomic rounded tip.

Innovative adaptor

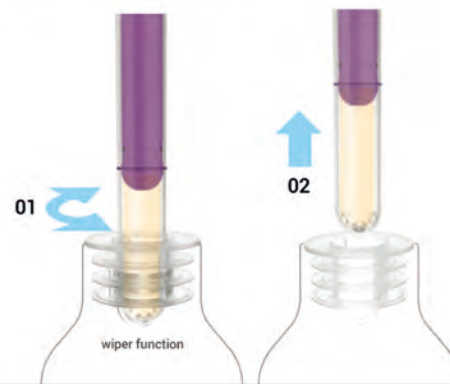

**3 HOLES SYSTEM**

> Homogeneous dispensing of the product in the baby mouth.

**WIPER FUNCTION**

> Wiper function to wipe off the product clinging to the pipette

**INNOVATIVE ADAPTATOR**

> No contact with the product, contamination reduced, hygiene reinforced.  
> Full dispensing of the product
